CHAPTER 1

SPACE GAME

"The visit of deity is for a reason."

Once upon time, a meta-human or deity of continuing life and being of human descended from a planet called Unitusian to the land of Gahana. The land of Gaahana is a place made up of trees, beautiful natural things, the likes of precious metals(gold, bauxite and more) and kind people.

The visit of deity is for one reason and that is a wonderful young man have performed well in a hunt for a clever person. The deity has being trying to contact the young man but not successful in a countable number of times. After a Unitarian year, he decided to give the game away by visiting the land. During the competition, it is believed that one

PROLOGUE

A meta-human (deity) of continuing life and being of human descended from a planet called Unitusian. In the land of Gahana. The land of Gahana is a place made up of trees, beautiful natural things, the likes of precious metals(gold, bauxite, etc).

The physical universe is a place where activities relating to the physical body interrelate that involves people touching or hitting each other a lot. The conceptions of dualism and realism is in play.

An origin of joy leading to happiness is the thing of love by deity. God said love your neighbour as yourself.
